THE *EPISTLE* OF PETROS II

I. Simōn Petros, the servant and the *apostle* of Jesus the Christ, is writing to those who received the *faith* and the same honour as we in the *righteousness* of our Lord Jesus the Christ our saviour. [2] The *grace* and the *peace* shall be multiplied to you in the knowledge of our Lord Jesus the Christ; [3] *since* he *granted* to us by his holy power all things which relate to the life and the godliness, through the knowledge of him who

III. Write to the *angel* of the *church* which (is) in Sardis; These (are) the (things) which saith he who hath the seven *spirits* of God and the seven stars: I know thy works, that thou hast a name that thou art alive, being dead. [2] Become watchful, and confirm the rest also, these which are about to die: for I found not thy works fulfilled before God. [3] Remember therefore how thou receivedst and heardest, and

NOTES ON THE FRAGMENTS OF THE EPISTLES OF ST. PAUL, THE CATHOLIC EPISTLES, AND THE APOCALYPSE

For preliminary remarks on the Fragments of MSS. the student is referred to pp. 377, 378 in the fourth volume of the edition of the Gospels.

With regard to the present collection the four remaining divisions have been kept separate, and have been placed in the following order: Pauline Epistles, Catholic Epistles, Acts of the Apostles, Apocalypse. In every division the threefold classification is observed, and space left between the numbers where the difference occurs, e.g. 13 and 14, 20 and 21 amongst the Pauline Epp.

The century number follows every fragment.

Class i 1 Large fragment of more than fifty leaves bought in Cairo by Mr. Gilmore, and sold to the British Museum after his death. Forty-four leaves were in the original binding, the outer cover being lost: the rest were detached, and all the leaves with a line or more of text had suffered injury: no initials are seen nor ornament, except the slight enrichment of dividing lines between the Epistles, and simple section marks. Early orthography is used, e.g. ⲧⲉⲉⲓ for ⲧⲉⲓ, ϫⲉⲕⲁⲁⲥ for ϫⲉⲕⲁⲥ, as well as Bohairic ⲧϩ for ⲑ, ⲡϩ for ⲫ, ⲛ̄ sometimes before ⲡ, and ⲁⲣⲉϩ for ϩⲁⲣⲉϩ; ⲩ in Greek words appears with two points; ⲙⲙ̄ often occurs for ⲗⲗ̄, VI. 2 Simple enrichment between the Epistles, VI. 3 Writes ⲉⲉⲓ and ϫⲉⲕⲁⲥ and ⲛ̄ⲡ, VI. 4 Red section mark occurs, and later (?) red sinuous line over sacred words, VI. 5 Small writing with ⲣ̄ⲣ for ⲛ̄ⲣ, early section mark, VI. 5^a Contains text of Epistle to Philemon, placed at the end of the small book containing the Apocalypse and the First Epistle of St. John, beginning on the same leaf as the end of that

Epistle. The larger part of the MS. is preserved in the Royal Library at Berlin, while a few leaves have reached the British Museum, V.

6 Initials of the same size as the rest of the text, but partly in margin, and one red section mark, VI. 8 Initials rather larger than text, and quite in margin, VI.

9 Bought by British Museum from Mr. Graff, initial marginal, VI. 9ª Contains quire number ⲓⲁ and pages ⲡⲓⲍ, ⲡⲓⲏ; ⲙⲙ for ⲙⲏ; initials same size as text and projecting slightly. Ornament, only a slight trace: two other leaves were brought by Dr. Winlock from Medinet Habu in 1911, VI.

11 Early section mark, and only one ornamented line between the two Epistles; single column, VI.

12 Initials not seen, VI. β Bilingual bought of Ali of Ghizeh, and sold by Prof. Hyvernat to Sir Herbert Thompson, VI.

13 Paged regularly; initials small and not clear of the text, unusual mark over ⲏ. Ornament, delicate green and red at some initials, green alone at others, VIII.

Class ii 15 Pages ⲡⲏⲍ, ⲡⲣⲏ, ⲡⲣⲏ again; initials slightly larger and half marginal, section mark occurs, VIII. 16 Initials not large but marginal, VIII. 17 Signed and paged later ⲡⲁ (81), &c.; initials not large but marginal, corrected with paler ink, IX.

18 Signed later; initials not large and scarcely marginal. Ornament, rough coloured arabesque, boldly drawn, X. 19 Large fragment of twenty-eight leaves, the first four may belong to another MS.; sequence of Corinthians, Hebrews, Galatians shown, the several Epistles being separated by numerous interrupted lines; initials not large, and sometimes not quite marginal, X.

Class iii 21 Writing thin, leaning back with letters projecting into margin and small final letters very rarely seen; half-vowel line sometimes reddened, usually marking ⲙⲡ instead of ⲙ̄ⲡ; first ⲉ, final ⲟ, and sometimes middle ⲁ and ⲟ marked; initials of two sizes. Ornament, rather well drawn,

slender coloured arabesque at initials, which are decorated with interlacing work. Sections numbered later. Epistles separated by interrupted lines and usual punctuation marks, XI.

22 Text injured and patched in former and recent time. Writing regular, with projecting letters and ⲩ and ⲧ sometimes joined to following letter; half-vowel line very small, and placed over first ⲁ and ⲉ, final ⲓ, ⲉ, ⲟ, ⲱ, and middle ⲟ; point reddened. Ornament, well-drawn arabesque with large and small initials, reddened section numbers, XI.

23 Writing rather tall and compressed, though ⲧ not joined. Ornament, coarse red and yellow arabesque at lections, marked ⲉϫⲛ̄ ⲁⲡⲁ ⲡⲁⲙⲓⲛ ⲡⲁⲡⲁϫⲱⲣⲓⲧⲏ *for Apa Pamin the solitary,* ⲉϫⲛ̄ ⲡⲕⲉⲣⲟⲥ ⲛ̄ⲧⲡⲱⲥ *for the season of the planting,* ⲉϫⲛ̄ ⲁⲡⲁ ⲡⲥⲱⲗ *for Apa Pghōl,* ⲉϫⲛ̄ ⲡⲉⲛⲉⲓⲱⲧ ⲁⲡⲁ ⲱⲉⲛⲟⲩⲧⲉ *for our father Apa Shenoute,* showing probably provenance from the White Monastery, XII.

24 First ⲉ marked; point reddened. Ornament, rude arabesque, reddened and occasionally an unusual blue colour is used; Epistles separated by lines interrupted by dots, points, and sinuous vertical lines; ⲧⲉⲣⲟⲥ and ⲧⲉⲣ̈ⲟⲥ used at beginning and end of Epistle, XII. 25 Writing much like 23; no large initials or ornament or liturgical notices, but later colourless marks as in 23, and also delicate quotation marks as in 23, XI. 27 Thin regular compressed writing; half-vowel, very small line and reddened; first ⲉ, middle ⲉ, middle ⲟ, and final ⲁ marked; initials rather large and of two sizes, with rough red ornament, XI. 28 Writing like 22, but ⲧ and ⲥ are not joined to other letters, and no far-projecting letters are seen except ⲩ into upper margin; initial, only one seen, very large and ornamented in red with section number ⲍ̄, XI. 29 Writing small, very close and regular, slightly leaning back; ⲧ not joined, but letter prolonged in margin; initials of two sizes, and occasionally occurring in middle of text. Ornament, very slight traces, XI. 31 Writing medium-size thin, ⲧ sometimes joined, letters prolonged in margin; half-

vowel, curved line, but seldom used; initials rather large with rough uncoloured arabesque, rather elaborate quire headings, XII. 32 Writing rather like the dated fragment 16[1]; initials coloured green, yellow, and red, and birds and animals rather well drawn. Dr. Wessely gives adequate tracings of the initial letter and ornament of the Vienna fragments, which are chiefly of eleventh and twelfth centuries, in his excellent lithographical publication at Leipzig by Eduard Avenarius, *Studien zur Palaeographie und Papyruskunde.*

For remarks on the Fragments of Lectionaries the student is referred to pp. 383, 384 of vol. iii of the Gospels.

THE CATHOLIC EPISTLES

Evidence for the order Peter, John, James, Jude is given by a fragment under number 15 (Paris 129.11, f. 110), which has after the second epistle of Peter ΤΕΠΙCΤΟΛΗ ΑΠΕΤΡΟC ΤΕΠΙCΤΟΛΗ ΠΙΩΑΝΝΗC Α; by two fragments numbered 4 (Vatican 63), 16 (Paris 129.11, f. 112), which have ΤΕΠΙCΤΟΛΗ ΠΙΩΑΝΝΗC ΤΕΠΙCΤΟΛΗ ΠΙΑΚΩΒΟC; and by a fragment numbered 20 (Ghizeh), which has after the Epistle of James the letters ΤΕΠΙCΤΟΛΗ followed by lacuna, then in the next line ΤΕΠΙCΤΟΛ followed by lacuna, after which in the next line begins the Epistle of Jude ιουδα, broken off; and continuing in the next column the Epistle of Jude. No different order can be derived from the other fragments excepting fragment a (see below). The Council of Carthage in 419, Jerome according to Cassiodorus, Bar Hebraeus, Eugenius IV (1444), and the Council of Trent (Sessio quarta celebrata die viii mensis April. MD.XLVI) give this order: Peter, John, James, Jude. It is remarkable that the positive decree of the Council, which says 'ad Hebraeos, Petri Apostoli duae, Ioannis Apostoli tres, Iacobi Apostoli una, Iudae Apostoli una, should be followed by the next decree of the same Council requiring the use of the Vulgate, which has the accustomed order of all Greek codices: James, Peter, John, Jude.

α Late uncial writing with letters projecting into the margin and long lines placed at the end of some sentences: initials slightly larger than text and half marginal: no ornament seen.

Class i 1, 2 Thin white leaves, ruled vertically with only one (lower) horizontal line, and the writing unformal; one section mark seen, VI.

4 For note see Gospels, vol. iv, p. 378, No. 9 in Class i. Before the third epistle is the heading ⲧⲉⲡⲓⲥⲧⲟⲗⲏ ⲡⲓⲱ̅ⲁ̅ⲛⲛⲏⲥ ⲉϥϫⲁⲓ ⲛ̅ⲧ̅ⲡⲁⲣⲑⲉⲛⲟⲥ *the epistle of Jōhannēs writing to the virgins*, VII.

7 See notes on Pauline Epistles, fragment 5ᵃ, VI.

β Bilingual of good writing with irregular ruling; initials small and not marginal, unusual special mark over ⲏ. Ornament, delicate green and red at some initials, green line at others; small final letters. The Greek begins at ii 7 ⲁⲉ ⲗⲓⲟⲟⲥ continuing to ⲉⲧⲉⲟⲏⲥⲁⲓ. The Coptic begins at ii 3 and continues with lacuna to end of verse 8. The Greek begins again at verse 9 ⲧⲙⲉⲓⲥ and ends ⲁⲩⲁⲑⲟ[ⲡⲟⲓⲟⲧⲏⲧⲉ]ⲥ. Then Coptic verse 9–15, VIII.

Class ii 9 Writing the same as Acts ix; initials not large but marginal. Ornament, elaborate uncoloured arabesque, IX.

11 Initials not large, sometimes marginal, X.

Class iii 14, f. 100, gives quire number 6. Writing transitional, chiefly compressed but round letters occur; ⲧ sometimes joining and ⲯ with peculiar tail; half-vowel line long, but seldom used; initials large and encroaching on text, with no smaller initials, but section mark used as if supplying their place. Ornament, compressed arabesque at dull coloured initials. Liturgical notes at foot of pages, rough and later, month ⲧⲱⲃ̅ⲉ 22, at head of a page ⲉⲧⲃ̅ⲉ ⲯⲉⲗⲉⲧ *because of the bride*, ⲟⲧⲕⲱⲟⲩ *a burial*, ⲟⲧ ⲁⲣⲧⲉⲣⲟⲧ, XI.

15 Writing not much compressed, ⲧ not joining; ⲫ reddened; half-vowel line but seldom used; point with long line at paragraph: initials small and marginal, quotation mark ·ϫ. Ornament, reddening of initials and points, a red and green palm branch. Of the six leaves four preserve their paging:

110, end of Peter and beginning of John (see above), has ⲕ (20); 128 of John has ⲕⲥ (23), ⲕⲁ (24); 106 of James has ⲙ̄ (40); 130 of James has ⲙⲁϧ (42), ⲙⲙⲥ (43), XI. 16 Paged ⲝⲥ (63), &c., writing regular, rather square letters, but compressed; half-vowel, very small line: initials large and marginal. Ornament, reddened point, abundance of coloured, excellent drawing of animals with one human figure badly drawn, XI. 17 Writing partly compressed; half-vowel, point and ⲏ marked; initial small and nearly marginal, later section number ⲉ at verse 22, where there is no initial, XI.

a Small octavo volume described in the Acts division. That book is preserved up to xxiv 20, p. ⲥⲓⲥ (216): then continues at p. ⲝⲥ (63) 2 Peter ii 12, and with one lacuna at 2 John ii 15–23 the volume ends at Jude 20 on p. ⲣⲓϧ (112). This codex must have kept the Vulgate order, and is therefore not a guide to the Sahidic order indicated in the other fragments. Nor is it a sure guide for the order of the divisions, Acts, Catholic, because the paging must have begun again for the Catholic Epistles, XII.

Class i 1 Small book of 117 written leaves, numbered ⲕⲍ (27) to ⲩⲡ (480) with lacunae. 32 leaves are possessed by the British Museum, to which they were brought by the Rev. Greville J. Chester. The whole has been published in lithograph by M. Goussen in *Studia Theologica* i, 1895. The ordinary measurements are given in the Register; 8·6 × 7·2 is the measurement of the whole leaf 55. There is the usual ruling of the flesh side, below the letters for every line, the punctures being apparent at 0.3–4 from the vertical line. The margin is torn with more or less injury to the text. Writing has rather broad letters of the so-called square appearance; the half-vowel is a line thickened at the left end, and often projects forward; words are sometimes separated by thick accent or upper comma; punctuation is the usual rectangular colon, but rarely seen; two section marks of the plain early sort are used; neither initials nor ornament occur except at the end of the book, &c. Orthography ⲣⲣ, ⲗⲗ, ϧϧ

for ⲛⲣ, ⲛⲗ, ⲛⲏ and ⲛⲁⲁ for ⲁⲁⲛ. The first Epistle of John following immediately upon the Apocalypse has many variant readings, which have been taken for the ground text as giving the earliest form of the Sahidic. The Epistle to Philemon comes after the Epistle of John, but the codex became disordered at this point from f. 110 to the end.

2 Upper and lower parts of two single columns. Writing of medium size, lines close, but letters rather far apart, VII. 3 Writing large and close; lowest stroke of ⲍ and ⲇ projecting into margin; words are not separated by accent, but ⲁ, ⲟ, ⲉⲓ are marked, and there are small final letters; initial marginal; graceful section marks with later inserted numbers; half-vowel thickened at both ends, VII. 4 Writing thin medium-sized, probably by same hand as 142, but smaller; round letters open-topped; half-vowel, thin line; graceful section marks without numbers, VII. 5 Writing large; lower stroke of ⲁ prolonged; half-vowel, line, or line thickened at both ends; small final letters; graceful section marks. Ornament, delicate arabesque uncoloured, VIII. 6 Writing large and close, page number ⲕⲑ (29), half-vowel line thickened at both ends; small final letters; lower stroke of ⲁ prolonged, VIII. 7 Writing medium-sized, thick; lower stroke of ⲍ projecting, upper part of ⲉ withdrawn; half-vowel, short thickened line; initials rather large, marginal, containing section number. Ornament, red and yellow leaf above initial; section mark, a line thickened at both ends and sometimes like ⲧ, VIII.

Class ii 8 Writing thin, medium-sized; small final letters; half-vowel small, and larger line thickened; words separated by accents; ⲁ, ⲟ, ⲱ marked; the writing of the two fragments seems now quite dissimilar, but the text continues, IX.

Class iii 9 Three leaves paged ⲗⲑ (39)–ⲙⲁ (41); ruling lines, vertical and upper and lower; half-vowel, long line; small final letters; initial not large and not quite marginal; liturgical directions occur in the margin, XI. 12 Writing close and leaning back, ϥ rather square; half-vowel, point or

small line; final ⲁ marked; initials not large, marginal. Ornament, reddening of initials, XI. 14 Ruling for every third line; ⲫ red-marked; medial ⲁ, ⲟ, ⲱ and final ⲟ, ⲱ marked, long abbreviating line reddened; initials small and marginal. Ornament, reddening and yellowing of initials, XI. 18 Pages ⲗⲉ (35), ⲗⲥ (36) half-vowel, point; initials rather large and marginal. Ornament, reddening of initials, XII. 19 Writing, ⲗ has unusually long form, ⲁ sometimes projecting into margin; initials small and reddened; first and final ⲉ pointed; there is one correction, XII. 23 Pages ⲉ (5), ⲥ (6), ⲍ (7), ⲏ (8). Writing rough and leaning slightly forward, ⲧ has late form, but ⲥ is early; initial encroaching upon the text; published by Ceugney, XIII.

a The 36 leaves are paginated ⲙ–ⲟⲁ (3–74), the first and last being lost. The paper is thick and is not ruled. Writing large and close in letters and lines, ⲉ prolonged far into margin; half-vowel seldom used, but there are the usual abbreviating lines; phrases are separated by spaces without point; initials, two large with slight red ornament. Ornament at chapter xii probably meant to represent the woman described, consisting of a face and twisted body without feet showing, referring to the words 'rolled up in the sun', black coloured with red. The codex bought of Mr. Rustáfjaell was published by Sir Ernest A. Wallis Budge in *Coptic Biblical Texts* for the British Museum, XII.
